Couple dance from Posavina (river Sava valley) - drmes

- A. 1-16 16 quickly changing steps starting with L in place
17-18 2 hops on L, while R remains in the air, pointing forward, but not bent in the knees

- (position - M facing W, shaking R hand, M L hand on the back, W L hand on waist)
B. Drmes - SW position, 16 hop/step/steps on both feet, slowly turning clockwise, or Vrtnja (spin) - R hand on L waist, L hand free, 16 sideways walking steps, R over L

LINDJO (Adriatic zone)

couple dance from Konavli region, near Dubrovnik, music from "lijerica", three string "lyra" + stamping from "lijerica" player, (R foot)

Position - inverse promenade, M R arm under W L arm, lifted up to form slightly inclined straight line. Danced on a circle, progressing anticlockwise and returning clockwise.

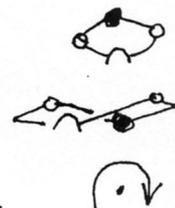

Typical unit for both M and W - LRL - R - slightly moving to the L on the first part, and jumping back on the second part. There should always be some tension in the arms, and the man controls the movements.

Figures - "Okret" (turn) - takes 3 units

Unit 1 - W goes behind the man's back, arms up

Unit 2 - W goes all the way to the L, positioning the R foot at the end of unit 2 in front of the man, arms to shoulder height

Unit 3 - W leaps back to her starting position on L, and does the remaining RL - R in place - Man helps the turn by leading the arms - M makes also a jump on L, when the W leaps across.

"Mašna" (ribbon) - takes 3 turns

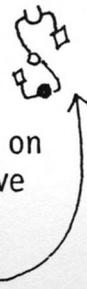

Same structure as "okret", only the arms are stretched high up, and the rotation for the turn is done only using wrist movements - as opposed to "okret", "mašna" is danced progressing on the circle anticlockwise, most progress on unit 1, but also on units 2 and 3.

"Kapa" - (cap) - takes 4 units

Unit 1 - same as unit 1 in "okret"

Unit 2 - LR same as LR in "okret"

L - R W lets L hand go, leaps over, rotates on L foot, and then on R foot to end facing the man, holding R hands. M helps that move by pulling slightly W R hand. M can also touch his cap (hence the name of this figure) on L, with L hand. When facing each other, both M and W should put L arm up, as holding a mirror.

Units 3 and 4 - typical units, only facing each other, holding R hands

Sequence - Stamp in, 4 AC, Stamp in, 3 okret, Stamp in, 4 flat turns, Kapa, Pos, Kapa, 4 AC, Stamp in, 4 C, Move over, M in (W in place), 3 M hands up waving (W nine turns), M out (W along the dance line), 3 mašna, trokut (triangle), Stamp i
