SOCIETY FOR INTERNATIONAL FOLK DANCING

New Sheet No. 16. (May 1949)

Classes

It is with great pleasure that we note how well the classes are attended. We hope this will continue and that members will bring their friends with them.

The advanced class has been concentrating on Kolos under the excellent tuition of Philip Thornton. Great enthusiasm has been shown for this branch of dancing and for Philip's discussions on the background of the different dances. We hope to continue to have the privilege of Philip Thornton's presence at future advanced classes, and feel sure that this will be greatly appreciated.

Demonstrations.

On May 6th. we are demonstrating for the Esperanto Club at Fred Tallant Hall. We spent a very enjoyable evening there just over a year ago and are looking forward to May 6th. with much pleasure.

On May 24th. we shall be demonstrating at a social evening held by our Lithuanian friends. Having seen them demonstrating and dancing, the demonstration group feel proud at being asked to give assistance at such a gathering.

To the people who formed a small orchestra for our demonstration at Seymour Hall April 7th., many thanks. Thanks also to the people who danced there on that occasion and on April 9th. at Southend.

Irene.

News Items.

Eugene Jablonski made a short unheralded visit to London on April 22nd. and we regret very much that we had no dance on that night to welcome him. All members will be pleased, however, to learn that we shall see him again in June.

The committee regrets very much that Arnold Meads has been forced to resign his place on the committee owing to pressure of work, but we are glad that he can continue to come to our various functions. We have pleasure in informing members that Alun Thomas has been co-opted to fill the vacant place on the Committee.

A very enjoyable weekend was spent by some 22 members at Crockham Hill Youth Hostel on March 25th. Considerable progress was made in the preparation of a lawn at the Hostel to be used for dancing in due course. Another smaller party is going down on April 29th to carry on the good work.

The condition of some of our gramophone records is really bad. In order to preserve the records, members are asked not to play them unless specifically requested to do so by the M.C. This is absolutely imperative as many of the records on which we depend so greatly are virtually irreplaceable. For any information relating to records and to the handling of them, please see Ian Harriss or Alun Thomas who are making a catalogue and revising the position. The co-operation of members in this respect will be sincerely appreciated.
